PLASTERBOARD GALVANISED CONCEALED TEE SYSTEMS

SIGMA Recessed Light Trough 20

Fix Recessed Light Trough 20 to Flush plastered ceilings using 4,2 x 13mm Wafer-Tek screws into T38/24W Main Tees or Cross Tees. Secure Recessed Light Trough 20 by sliding the flange of the Recessed Light Trough 20 over the 4,2 x 13mm Wafer-Tek screws to securely fit in place. Clip in place the Recessed Light Trough 20 diffuser over diffuser groove of the Recessed Light Trough 20.
