CAPCO®
CEILING AND PARTITION COMPONENTS

TOILET PARTITIONS

SLIMLINE
TOILET CUBICLE SECTIONS

Quick Installation, Neat finish and Hygienic

Capco toilet partitions are stabilised with 25mm aluminium transom Sections.

In order to prevent gaps between uneven tiles and walls the partition and pilasters are fixed to the walls with aluminium receiving channels which are fixed to the wall or tiles. The end partition or Pilaster - All complete with aluminium surround channels are then slotted into the full height receiving channels and fixed plumb.

The Partitions are fixed 151mm above the finished floor level to allow for easy cleaning.

Specifically Designed for Maximum Durability with an easy Installation

Anti-theft Toilet Roll Holder

Aluminium Hinge with Nylon Bushes

Hat & Coat Hook with Rubber Buffer

Inside Indicator Bolt and Keep
