Benefits of using Capco Access Panels

- Manufactured from high quality raw materials ensuring a longer life span.
- Time saving and easy to install - panels come complete with full detailed fixing instructions for quick on site installation.
- Due to the powder coated finish, ceiling access panels are easy to clean - making unsightly fingermarks, that are prevalent on conventional trap doors, a thing of the past.
  DOES NOT APPLY TO THE 12MM MDF LID
- Aesthetically superior to conventional trap doors, they offer a neat clean finish to ceilings.
