PLASTIC CUBE LOUVERS

NOMINAL 16 x 16 x 7,6mm

Capco's Thincell™ is an injection molded cube louver that offers unequalled efficiency, economy and dimensional versatility. Standard finished include opaque white and black. The nominal (7,6mm) thickness offers an important freight advantage when cube and container capacity is an issue. All molded sizes include a half lap perimeter detail that facilitates continuous row applications with an unbroken appearance.
